In social science, the term built environment, or built world, refers to the human-made surroundings that provide the setting for human activity, ranging in scale from buildings to parks.It has been defined as "the human-made space in which people live, work, and recreate on a day-to-day basis." The "built environment encompasses places and spaces created or modified by people including ...

A minor scale in music theory is any scale that has at least three scale degrees: the tonic, the minor third above the tonic, and the perfect fifth above the tonic. Together they make the minor triad. This includes many scales and modes such as Dorian mode and the Phrygian mode.. In simple terms, a minor scale is a series of notes with a sad, somber character (exaggerated when heard back-to ...
