favourite festival is the Dragon Boat Festival. This traditional competition happens in May and June. The festival culminates in a series of boat races. The special thing about the boats is that they are shaped like dragons. The special food of this festival is a triangular shaped leaf with rice and beans inside. This can also sometimes contain meat.

the venerable technology of code optimization has found use outside compilers. It is now used in tools that find bugs in software, and most importantly, find security holes in existing code. And much of the "front-end" technology â€" grammars, regular expressions, parsers, and syntax-directed translators â€" are still in wide use.
