clinical research coordinator handbook pdf

Clinical trials are experiments or observations done in clinical research. Such prospective biomedical or behavioral research studies on human participants are designed to answer specific questions about biomedical or behavioral interventions, including new treatments (such as novel vaccines, drugs, dietary choices, dietary supplements, and medical devices) and known interventions that warrant ...

iii FOREWORD In order to assist countries in conducting non-clinical research and drug development, TDR developed a Good Laboratory Practices (GLP) series in 2001, comprising a GLP Handbook as well as GLP Training manuals for trainers and trainees. The demand for this series was so substantial that it became one of the most frequent "hits"•
